

The benefits of a Small Disadvantaged Business and Alaska Native Corporation (ANC) with the stability and resources of America's leading environmental laboratory

About Aleut

The ARS Aleut Analytical, LLC (Aleut) and Eurofins Mentor-Protégé Agreement (MPA) allows our clients the benefits of a certified Small Disadvantaged Business backed by the strength of Eurofins PFAS analytical expertise and data defensibility. Aleut has managed SMOs supporting the Department of Energy (DOE), the Department of Defense (DoD), the NRC, the EPA, NOAA, and numerous state governments. Eurofins is a recognized leader in PFAS methodologies and supporting regulations as they continually evolve.

Aleut has continuously supported SMO services at LANL since 1998. Other SMO includes Fluor BWXT Portsmouth (Portsmouth, OH), DOE Luckey, FUSRAP site (Luckey, OH), Cardno/Entrix NOAA NRDA Deep Water Horizon (Port Allen and Houma, LA)

Eurofins is the only commercial environmental laboratory capable of reporting up to 75 PFAS compounds. 70 from a single injection, in potable water, non-potable water, and solid matrices. With the support of Eurofins dedicated PFAS chemistry experts, our team can provide solutions to your most sensitive and complex challenges. By utilizing our Aleut SMO capabilities, we can ensure that samples are best managed onsite and sent to Eurofins in the least cost intensive and efficient manner.

PFAS SMO Capabilities with Analyses Performed at Eurofins

Aleut and Eurofins have an approved Mentor/Protégé Agreement (MPA) under NAICS Code 541380, Testing Laboratories.

Category	Eurofins
Total Organofluorine- Combustion ion Chromatography (TOF-CIC), Extractable Organofluorine (EOF), Adsorbable Organofluorine (AOF)	■
TOP Assay (Total Oxidizable Precursors)	■
Non-Target Analysis (NTA)	■
OTM-45, PFAS in Source Air	■

Targeted List

- PFAS, EPA Draft 1600 Series List (40 Analytes)
- PFAS, EPA Methods 537.1 & 533 Lists (29 Analytes)
- PFAS, Landfill & Wastewater Target List (47 Analytes)
- PFAS, Michigan Expanded Target List (41 Analytes)
- PFAS, California Expanded Target List (43 Analytes)
- PFAS, Expanded List (70 Analytes)
- FTOHs by GCMSMS (5 Analytes)

CAPACITY

- ✓ Eurofins has North America's largest LCMSMS capacity dedicated to PFAS testing with over 37 state-of-the-art dedicated PFAS instruments
- ✓ Eurofins has a capacity of 40,000 samples / month
- ✓ Rush turnaround time as short as one (1) day

Fueled by innovation, driven by integrity, we deliver world-class, best value services and solutions.

Maximize the *benefits* of an established MPA to *achieve* your mission

ARS Aleut Analytical, LLC (Aleut), a Small Business Administration (SBA) certified Small Disadvantaged Business, and Eurofins TestAmerica (Eurofins) is pleased to provide PFAS sample management services under our new Joint Venture (JV), Aleut-Eurofins Analytical JV, LLC (Aleut-Eurofins) through the SBA Mentor-Protégé Program (MPP) under NAICS code 541380 – Testing Laboratories.

Aleut-Eurofins has over five (5) decades of combined experience in performing sample management operations and providing analytical laboratory services under ISO 17025, NELAC, DOE, DOD, NQA-1, 10 CFR, DOT and IATA requirements. Aleut-Eurofins have a Small Business Administration (SBA) approved Mentor-Protégé Agreement (MPA) to provide an exclusive service to our clients that combines our shared knowledge of sample management offices (SMO) and PFAS analytical testing. The Aleut-Eurofins relationship is proven, having collaborated to support multiple DOE and DOD sites, providing comprehensive sample management and analytical services to support onsite sample management.

Our SMO capabilities help DOD/DOE clients achieve their SBA goals - demonstrating strength and stability competitors cannot duplicate.

Customers experience the benefits of an experienced leader in sample management and the industry leader in PFAS analytical testing with the contracting advantages of Small Disadvantaged Business and an ANC.
